WALKER'S
IMPROVED
PORTABLE RANGE.

THE NEW RANGE excels anything of the kind ever offered for sale. It requires much less space than ordinary cooking stoves, and is more economical. It will heat as much water as a range set in masonry.

The HOT CLOSET retains the heat usually radiated from the bottom, which is, during the summer months WORSE THAN WASTED, thereby not only SAVING FUEL, but making the KITCHEN MORE COMFORTABLE, besides furnishing an admirable place for warming and keeping food warm, warming plates, &c. The door can be removed during cold weather to allow the heat to escape into the kitchen.

Coals are separated from the ashes in the SIFTING CHAMBER.

The FOLDING SHELF, together with other improvements referred to, make it all we claim for it, viz: THE MOST DESIRABLE COOKING APPARATUS TO BE FOUN ANYWHERE.

OVER 10 PER CENT. INCOME.
Arkansas State Loan
A limited number offered at
70 Cents & Accrued Interest.

These Bonds were issued under act of the Legislature for the purpose of assisting the "Arkansas Central Railway" in accordance with Section 6 of the Constitution of the State of Arkansas, which provides as follows: "*The credit of the State or counties shall never be loaned for any purpose without the consent of the people thereof expressed through the ballot box,*" which act was submitted to the people at the general election held in Nov. 1868, and unanimously ratified by them. The Legislature of the State has no power to grant any additional aid whatever; *consequently the debt of the State cannot be increased,* except by amending the Constitution through a vote of the whole people.

As an additional security, these Bonds are guaranteed by the Arkansas Central Railway by special endorsement, recorded as a mortgage in every county through which the line passes, acting as a direct lien upon the property of the Company, its Real Estate, Rolling Stock and Franchises.

It is also recorded that the "**faith and credit of the State are solemnly and irrevocably pledged for the payment and Redemption of the Principal and Interest of each and every Bond.**" Every possible safeguard surround them to protect the holder from the danger of corruption and fraud. Unlike ordinary Railway Bonds, these now offered are negotiable at any time on the New York Stock Exchange as may be observed from the daily Stock Quotations. The bonds are of the denominations of $1,000 each, payable to bearer, and therefore negotiable by simple delivery. The interest coupons attached to each bond are payable semi-annually, at the office of the Union Trust Company in New York, by the Treasurer of the State on the 1st day of October and April in each year, until the principal of the Bonds is redeemed at par in 1898. Address, WILLIAMS & BOSTWICK, Bankers, 40 Wall St., New York, or the ARKANSAS CENTRAL RAILWAY CO., No. 12 Pine St., New York.

ELECTIONS TO COME.

Elections were held Monday in Kentucky, Utah and Montana. The officers chosen in Kentucky were only members of the legislature and local officers; consequently, the election was of little importance to the country at large. In Utah the Mormons had everything their own way and elected a delegate to Congress. A delegate to Congress was also elected in Montana. At the last election there was a Republican majority of 413. The delegate from this Territory in the present Congress is William H. Clagett, a republican.

On the twenty-second of the current month there will be a State election in West Virginia, under peculiar circumstances. Regularly the election would not take place until October 24, and the term for which Governor J. J. Jacobs was elected does not expire until 1874. Governor Jacobs was elected as a democrat in 1870 by a majority of 2123; the ex-Confederates voting for the first time that year. The result was as unexpected by the democrats as by anybody. Having discovered their power, the democratic leaders at once set about devising a scheme to get immediate possession of all the offices in the State, which could be accomplished only by adopting a new constitution. To this end a proposition for a constitutional convention was submitted to the people in 1871, and approved by a majority of 2583. The constitution framed by this convention is now submitted for adoption or rejection, and the question is to be decided on the 22d instant. It is also provided that there shall be an election of State officers on the same day to serve under the constitution, if it shall be adopted. Governor Jacobs has proved himself honest and capable, and has steadfastly refused to be the instrument of, or to wink at some notorious schemes of plunder dear to the ambition of a sort of Tammany ring who assume to manage the party. For this season he has become obnoxious to them, and the democratic convention, while complimenting his administration, as it could not well avoid doing, deliberately threw him overboard in the middle of his term, and nominated another candidate for the office of governor. The following is the democratic State ticket, which is the only regularly nominated ticket.

Governor,	Johnson N. Camden.
Auditor,	Edward A. Bennett.
Treasurer,	John S. Burdett.
Attorney-General,	Henry M. Matthews.
Superintendent public schools,	Benj. W. Byrne.
Judge court of appeals,	A. F. Haymond.
Judge court of appeals,	James Paull.
Judge court of appeals,	J. S. Hoffman.
Judge court of appeals,	C. P. T. Moore.

Governor Jacobs, not relishing this treatment, and having trustworthy assurances that a very respectable portion of the democratic party will not support the scheme of the ring, has announced himself an independent candidate for re-election. The republicans will make no nomination, but support Governor Jacobs. Three members of Congress are also to be elected at the same time. No regular nominations have yet been made. John J. Davis, present Representative from the first district, was elected as a democrat, having a majority of 1267. He has announced himself an independent candidate for re-election, ranging himself with Governor Jacobs and the republicans against the new constitution. The republican district convention met and adjourned without making a nomination, it being understood that the republicans would support Davis, who is "read out" by the democratic organs. In the second district Colonel Ward H. Lamon is announced as an independent liberal republican candidate. Charles J. Faulkner, formerly minister to France, and now a democrat, will it is rumored, be the regular candidate in the third district. The second district is now represented by James C. McGrew, republican and the third by Frank Hereford, democrat. The vote of the State in the last presidential and gubernatorial election was as follows:—

	Republican.	Democratic.	Majority.
1868,	29,025	20,306	8,719 republican.
1870,	26,742	28,865	2,123 democratic.

If the new constitution is rejected, as seems probable, Governor Jacobs will serve out the term for which he was originally elected, and the chances are that if the constitution is adopted he will continue in office. Owing to the peculiar local issues the vote will not be a certain indication of the result of the November election.

On the 3d of September elections will occur in the territory of Wyoming and in Vermont. The Territory will elect a delegate to Congress. Whether nominations have yet been made we do not know. The present delegate is Wm. T. Jones, republican, elected by a majority of 237. In Vermont both parties have nominated their State tickets and the campaign is already actively begun. The following are the nominations:—

	Coalition.	Republican.
Governor,	A. B. Gardner	Julius Converse.
Lieut-governor,	W. H. Bingham	Russell S. Taft.
Treasurer,	Henry Chase	John A. Page.

Mr. Gardner has heretofore acted with the republicans, and has been speaker of the house of representatives and member of the Senate. Messrs. Bingham and Chase are democrats. Mr. Converse was nominated rather unexpectedly as the best way out of a difficulty occasioned by the rivalry of Mr. Frederick [illegible] and Governor Stewart, but the people [illegible] of the party and nobody doubts that the State will give a republican majority [illegible] if not quite as large as the average of the uninterrupted series of majorities for the past ten years. The lowest in the list is that for Governor in 1863, 17,657. General Grant's majority was 32,122 and Governor Stewart's two years ago, 21,369. Nominations for Congress have not yet been made, and in some of the districts there is a sharp contest among republicans for the honor which is equivalent to an election.—The Vermont people have a queer notion that rotation is a good thing, and the most faithful servants have no assurance that their faithfulness will give them the advantage over new aspirants.

After Vermont, Maine is the next State to hold an election, the date of which is Monday, September 8. The only State officer to be chosen by popular vote is the governor.—The republicans have nominated Governor Sidney Perham. The coalition has for a candidate the defeated democratic candidate of last year—Charles P. Kimball of Portland.—Governor Perham's majority last year was 10,631, a gain of 1125 over the majority of the previous year. Although the New York Greeley organs and the democratic papers everywhere are making a great and jubilant noise over a few desertions from the republican ranks, there is no reasonable ground for anticipating anything but a republican victory. Maine has not given a democratic majority for more than ten years, but the democrace have a chronic disposition to count it a doubtful State, and previous to every election delude themselves by extravagant prophecies that something surprising will happen, but it never does. The following summary of recent elections in this State is interesting:—

	Dem.	Repub.	Temp	Repub. Majority.
1868—Governor	55,431	75,834		24,403
1868—President	42,396	70,420		28,038
1869—Governor	39,854	51,573	4,743	6,981
1870—Governor	44,534	54,040		9,506
1871—Governor	48,126	50,757		10,631

It will be seen that there is a large reserve republican vote which can be depended upon only in presidential years. The majority to be overcome by the coalition is, in fact nearer 25,000 than 10,000. The congressional nominations are not yet completed. The list of those that have been made as follows:—

District	Dem. and Lib. Rep.	Administration.
I	William H. Clifford.	John H. Burleigh.
II		William P. Frye.
III		James G. Blaine.
IV	Marcellus Emery.	
V	Frederick A. Pike.	Eugene Hale.

All the present representatives are republicans elected in 1870, by the following majorities: First district, 1496; second, 2517; third 2320; fourth, 2640; fifth, 1210. The organs of the coalition talk with boastful confluence of carrying the first, third and fifth districts. This is only less absurd than their talk of carrying the State.

The next day after the Maine election there will be an election of delegate to Congress in Colorado, concerning which nothing is yet developed. The only other elections, before the day when the people vote for President, are the important and usually decisive ones of October. On Tuesday the 8th day of October, State officers will be elected in Indiana, Iowa, Nebraska, Ohio and Pennsylvania, and a delegate to Congress in Dakota. The canvass in these great States is already active the tickets having been some time in the field.—[Boston Advertiser.

We noticed a Republican friend on the street this morning, investing five cents in the Portland Argus. We liked his disposition to hear the other side, but he proceeded to the place of business of a democratic friend and showed the paper unto him. The Argus had dropped. Our kind hearted Democratic friend solemnly passed out a ten-dollar bill and our Republican friend laid the greenback in his pocket. Silent and significantly thus ended the interview.—[Lewiston Journal.

A few nights since, an attempt was made to rob the post-office at Surry village. Entrance was effected by unhinging a back door of the store (I. M. Merrill's) in which the office was kept. About midnight, the wife of Mr. Hinckley, who occupies rooms over the store was awakened by a restless child, when she discovered the glimmer of a light in the store below. She called her husband, but before he could get down into the office the burglars had concluded wisely to move to other and safer quarters. Nothing was stolen.

POLITICAL AND PERSONAL.

General Hawley of Connecticut will be home from Europe in a few days, to take an active part in the campaign for Grant. Senator Ferry will also speak for Grant if his health permits.

Gen. Wm. F. Bartlett, who has been quoted as for Greeley is by no means a Greeley man. Like Edward Atkinson and other honest signers of the Cincinnati call, he repudiates the fraudulent nomination.

Florida gives encouraging signs of a sure vote for Grant. The Republican Convention has placed a very strong ticket in nomination, and the Republican majority, which had been allowed to become inoperative through local mismanagement, will be fully redeemed.

Nast contributes several spirited caricatures, in Harper's Weekly, to the campaign work this week. One of them discloses Mr. Sumner reverently kneeling before the grave of Preston J. Brooks and decorating it with flowers, while Carl Schufz, from behind a tree, looks on with delight.

Mr. Greeley, in his speech at Manchester, told his interested audience that once in his youth, while on a trip with his father, they "were compelled, in order to reach home, to take a circuitous route in order to cross the river at this point, by an old and rickety structure." Taking "circuitous routes" over "old and rickety structures" is still his forte.

While the Democratic papers, are talking about abuses of the franking privilege, "reform," etc., let us hear a little about the tons of Tribunes, Sumner speeches and letters which have been mailed at the Government expense from Washington, under the franks of those arch-reformers, Senators Sumner, Schurz, Trumbull, Tipton and Fenton.

The story that Senator Anthony was about to declare for Greeley was so absurd as to scarcely call for a denial. The Providence Journal (Senator Anthony's paper says: "Mr. Anthony gives to Gen. Grant his earnest support, and has never doubted that the integrity and the honor of the country demand the re-election of the illustrious man who has done so much for both." This disposes of Greeley lie No. 11,672.

The Burlington (Vt.) Free Press says one of the most significant "straws" of the present campaign is the canvass just made of the towns of Chesterfield and Ausable, N. Y. The result of the canvass disclosed just two Greeley Republicans in the two towns, one of whom is considered doubtful; while no less one hundred and twenty Democrats were found who will not vote for Greeley, sixty of whom are out-and-out for Grant.

The New York Herald reads the signs of the times. It says: "We counsel Mr. Greeley to leave off chopping unnecessary wood, eating indigestible clams and taking fatiguing journeys, and to give the benefit of his brains to those who are conducting his campaign. We counsel his friends, advisers and committeemen to discontinue cannon-firing, bombastic bulletins and Gambetta addresses congratulatory of imaginary victories."

NEW MAGAZINES.

Recent weekly numbers of LITTELL'S LIVING AGE, including that for August 3d, contain a very large amount of valuable and important matter. Each succeeding number of this magazine seems to surpass its predecessors. Littell & Gay, Publishers, Boston.

The August number of THE OVERLAND MONTHLY is filled with terse, vigorous, and strongly worded articles, which embrace subjects that cannot fail to be read with deep interest. John H. Carmany & Co., Washington st., San Francisco.

OLD AND NEW for August contains the following: Old and New; The Printed Cases at Geneva: The Vicar's Daughter (Chaps. XXX. and XXXV.); God in Nature (Part II.); The Lives of the Saints; Ups and Downs (Chaps. XXI. and XXII.); To Perdita; The Diagram of Life; the Examiner; Fine Arts; Record of Progress; Horticulture. Roberts Brothers, Publishers, Boston.

THE BRITISH QUARTERLY REVIEW for July presents the following list of articles: William of Occam; Wit and Humor; Report of the Commissioners on Coal; Marco Polo's Travels; An Ecclesiastical Tournament in Edinburg; The Agricultural Laborers' strike; Germany; Prussian Influence on its Literature; Results of Disestablishment in Ireland; Contemporary Literature. The standard excellence of articles which are always contained in this magazine make it one of the most valuable. Leonard Scott, Publishing Co., Fulton st., N. Y.

The August number of MERRY'S MUSEUM is equal to the best of its former numbers. It is an attractive magazine for boys and girls. Horace B. Fuller, Publisher, Boston.

ANOTHER SOUTHERN WELCOME. The Richmond Va., dispatch says:—

Mr. Sumner's letter is characteristic of its author. It indicates his egotism and his ignorance of the motives to political action.—He writes as if he could influence the entire negro vote, whereas the fact is that he can not control a thousand in the United States. The negroes are going to vote for Grant.—He who supposes that many of them will support Greely deceives himself. To see Sumner supporting Greeley seems unnatural. We look upon him, despite of his learning, very much as we do upon Cuffee himself. We have no respect for Sumner. He is a fanatic. His acquirements enable him to impose upon the ignorant, whilst he must be subject of the contempt of the great lawyers who sit with him in the U. S. Senate. A man who believes and teaches, as he does, that the federal Constitution is to be construed by the Declaration of Independence, is not even fit to lead negroes. In fact, as we have already intimated, Sumner has some of the negro element in his composition. They are naturally fanatic, and he is; they are impulsive, and he is; they allow their feelings and their wishes to run away with their judgments, as he does; and they are unfit to make laws, as he is; they need to be led, as he does. No amount of learning can make a negro anything but a negro, and all the learning of Sumner leaves him Sumner still. A ripe scholar and a most elegant writer amongst our public men, he is, nevertheless, no part of a statesman. He naturally belongs, like his negro proteges, to the party of hate and proscription, and we have no words of welcome for him.

SUMNER CORRECTED. The Albany Evening Journal publishes a long letter from the Hon. Andrew D. White, who was one of the San Domingo Commissioners, denying Senator Sumner's statement concerning the ill-treatment of Frederick Douglass. Mr. White goes on to show that the comfort of Mr. D. was well provided for on the steamer and he was treated as well, in all respects, as the best during the stay of the Commission at the San Dominican capital. Mr. Douglass lived at their house and sat at their table after landing at Charlestown. This treatment continued when they were embarked upon the Potomac steamer. The Commissioners having seated themselves at the public table found that Douglass was not with them. On inquiry, they learned that he had been refused admittance to the dining room on account of his color. Having remonstrated against this in vain, the Commissioners and all immediately connected with them left the table. On arriving in Washington both Douglass and Sigel left for their homes, their duties having ended. It was then that, the Commission was invited to dine with the President, and had Douglass and Sigel been in the city, Mr. White has no doubt they would have been included in the invitation. Mr. White expresses great surprise that, Mr. Sumner should have perverted the facts in the case, as he thinks, so grossly.

STRANGE BEDFELLOWS. David A. Wells who appears to be Mr. Greeley's formost benchman in Connecticut, is the same man who used to be so mercilessly abused and ridiculed in New York Tribune for advancing views on protection and on free-trade, which he still cherishes. For example, we read in the epitorial columns of the Tribune of July 23, 1870:

"The Philadelphia North American wastes valuable space in discussing the demerits of 'exhausted Wells,' the late Revenue Commissioner. The game is not worth the candle. That financial genius has already done about all the mischief of which he is capable. Why not let the Free Traders have him to themselves? Leave to them all the profit and pleasure that may be gained—

In dropping buckets into empty Wells.
And growing old in drawing nothing up."

"The true prosperity and greatness of a nation is to be found in the elevation and education of its laborers."—PRESIDENT GRANT

OUR MASS-MEETING.

The best evidence of the demoralizing effect which Friday's great popular demonstration has had upon our opponents, is furnished by the desperation with which they seek to break its force by lying that is magnificent in its proportions and astounding in its utter recklessness. Our readers who witnessed the great throngs which poured into the city from all quarters, who saw the almost universal display of sympathetic decorations throughout the city, who heard and felt the enthusiasm that burst forth in cheers and choruses from morning, throughout the most scorching day of the season and until midnight, will be amused to learn that the Democratic daily here informs its readers that the occasion was a "Grand Failure." It begins by lying most audaciously about the immense efforts and extravagant outlay, when it is well known that the demonstration grew on our hands far beyond our expectations or even our means of providing as we should have desired, and it fortifies its efforts at ridicule by instituting a startling comparison between our procession and one which it says was organized here with less difficulty four years ago, that "numbered *twenty seven thousand*." If any one remembers a parade of such enormous proportions we will excuse them for ranking Friday's procession below it in extent. But this sort of mendacity has no effect upon persons in this section who understand its authorship, and it is to the reports that go abroad only that we need give attention.

A special to the Boston Herald in its Saturday's issue, outstrips the former achievements of that paper and is perhaps worth noting. The Herald's regular correspondent who has displayed some proficiency in avoiding facts, is now out of town and the dispatch referred to bears unmistakably the ear-marks of the *Commercial* office. Here are specimens.—

"The day of the anticipated great Republican rally has come, and with it the most bitter disappointment to the projectors, for, after having spent thousands of dollars to make it a success, it has proved a gigantic failure. Agents had been sent out on all the railroads in the State to cause an excitement among the people. Railroad fares were put down to almost nothing, and, in fact, persons have almost been hired to come; but after all their endeavors but about 5000 persons came from out of town, when it had confidently been expected that at least 20,000 would come.

It says that the speeches of Secretary Boutwell and Judge Bingham were received coldly and there was no enthusiasm, and goes on:—

The procession in the afternoon was an out-and-out failure, numbering by actual count but 611, including the companies from Portland, Skowhegan, Houlton and intermediate stations. It was confidently expected that the torchlight procession in the evening would number several thousand torches, but by count it was ascertained that there were but 620. Meanwhile, some members of the Greeley and Brown club of this city formed a body and commenced operations by singing "The Chappaqua Farmer" on a street past which the Republican procession was marching. This caused great excitement and a large crowd began to flock toward the place from whence the inspiring strains came, and soon the procession was left to pass along almost alone, while the people who had joined the Greeley crowd joined heartily in singing the songs. Frequent and loud cheers were given for Uncle Horace, and a procession, nearly, if not quite, equalling that of the Republicans, passed through the streets and was greeted with cheers on every corner. The Grant company, after marching for about two hours dispersed, and the crowd went its way, all admitting that it was the greatest failure in a political gathering ever known in Maine.

As a specimen of tall lying this needs no comment, but we wish to call attention to the effrontery with which a person who presents himself as a candidate for Congressional honors, presumes to boast approvingly in his paper of the action of the "Greeley Boys" who, incited by their leaders resorted to every expedient known to blackguardism, to disturb and annoy an orderly and peaceable assembly. Not only were rowdies purposely collected around the *Commercial* office and encouraged to make offensive demonstrations, by men who would perhaps be ashamed were we to name them, but throughout the latter part of the day and evening the disorderly behavior of this gang became so disgraceful as to excite the disgust of all respectable citizens. Some forty or more of these characters, headed by an attache of the *Commercial*, paraded to and fro, shouting the "Chappaqua Farmer," with a chorus of cat-calls and slang phrases, a party of them assembled in the rear of the speakers' stand and repeatedly disturbed the meeting; some of them hurled stones at the procession from lurking places on the corners, and the clothing of some of the ladies in the Park was ruined by decayed eggs thrown into the crowd by some of Mr. Emery's "Greeley Boys." And the editor of a newspaper and aspirant for a seat in the American Congress exults over these ruffianly performances, and through the columns of his paper pats these local Ku-Klux on the back. No wonder that order-loving people begin to ask whether they have not some rights which the mob minority can be compelled to respect.

It happens that several prominent journals published elsewhere were specially represented here on Friday, and the opinions of these different journalists as to the character of the demonstration may safely be set against the veracious *Commercial* and its telegrams. The special of the New York Times says:

This inland city of the old Pine Tree State, in which the long-haired Tilton and others made such fruitless efforts a few weeks past to get a foothold for Democracy, has been the scene, to-day and to-night, of one of the most remarkable political gatherings of the campaign. Republicans from all sections, many of them from points quite 200 miles away, have here rallied in response to a call for an assembly of the true men of the Penobscot Valley, and their enthusiasm for the Presidential ticket has been most hearty and genuine. They have shown that the spirit of the old war days has revived, and that the Republican party of Maine is determined that the Government shall not be captured by its old enemies.

The Boston Journal's special says:

The grand Republican rally held in Bangor, Me., yesterday, though intended originally as only a local demonstration, was one of the greatest and most successful political gatherings ever held in Eastern Maine. Early in the afternoon a salute was fired for the victory in North Carolina. Extra trains were arranged on all the roads leading into the city; an immense host poured into the city, until Bangor literally swarmed with a dense mass of humanity. Delegations from the different towns came, including the Continentals and Republican Artillery of Portland with the Portland band, and the Grant and Wilson Club of Kendall's Mills, with a band, the Dover and Foxcroft Grant and Wilson Club with the Sebec band, large numbers from Houlton, Calais and other distant points. The great drawback to the success of the occasion was the intense heat, many being obliged to keep under cover.

Of the spirit manifested it says:—

Hon. Geo. S. Boutwell, who spoke for an hour and a half to an audience of 4000 people, who, notwithstanding the terrible heat and under the direct rays of the blazing sun, stood throughout the entire address, which was one of telling effect, and received with the heartiest outbursts of enthusiasm. Mr. Boutwell was followed by the Hon. John A. Bingham and Gov. Perham, in brief but eloquent speeches, when the meeting adjourned to the evening. At half-past 7 the Grant and Wilson Club and Portland Continentals and Artillerists, together with a company of mounted horsemen, numbering 2000, with torches, paraded the streets until 10 o'clock, the houses in many parts of the city being illuminated, while everywhere the American flag, bearing the names of Grant and Wilson, and yards of bunting innumerable, decked the city in a magnificent style. It was specially remarked that most of the business houses of the city hung out Grant and Wilson flags. Fireworks were sent up all along the line of march. At half-past 8 o'clock a second meeting was called to order by Mr. Peters, at Centre Park, which was densely filled, and Mr. Bingham was introduced as the first speaker. Mr. B. spoke in his usual earnest and eloquent manner for an hour and three-quarters, and was followed by Gen. John L. Swift of Massachusetts, who held the audience in close attention till past 11 o'clock, after which Hon. J. A. Peters spoke for half an hour, when the exercises closed with cheer upon cheer for the speakers and our candidates.

An attempt was made by the Greeleyites to create a disturbance by obtaining a lot of boys to sing Greeley songs at the rear of the speakers' stand, but it amounted to nothing except to interrupt Mr. Peters for a few moments.

The Boston Advertiser publishes a special dispatch of a column and a half, in which the general character of the demonstration is thus referred to:

The grandest of all Maine Republican rallies for many a day, one of the greatest of the campaign, not alone in this State but in the country, has been held here to-day and this evening. It has been of the rare old-fashioned sort—enthusiastic, free and rattling. The call for the gathering was addressed to the true men of Bangor and the Penobscot valley, but it was answered by hosts from almost every section of the State. Men, and women too, journeyed hither a hundred miles to participate in the proceedings of the day and attest their loyalty to the cause. Crowds came from the very heart of the distant Aroostook valley, from Portland and vicinity, so large in numbers as to uncomfortably pack a train of seventeen cars, from all the near towns along the several railroads concentrating at this point, and from all the neighboring villages. So the streets have been filled with people, and the city, decked out with gay banners and flags and mottoes, has looked as on a general holiday.

* * * * *

The meeting did not close until near midnight and the streets were not quiet until long after. The demonstration cannot be surpassed, and the enthusiasm and satisfaction of its managers are complete to-night. The fact is, Maine is aroused, and she will remain so till election tide.

The Lewiston Journal says, editorially:

An extra train from Bangor, consisting of 20 cars, arrived in this city at 3:45 this A. M. About 200 passengers were dropped in this city and Auburn. A gun was fired from a platform car on the train as it approached Auburn station. Passengers from this city who were in attendance on the mass meeting, report that the crowd was enormous. The meeting was an immense success. The Democracy was overawed by the immensity of the crowd and the enthusiasm for Grant and Wilson.

The Portland Press sent a special correspondent who thus tells what he saw and heard:

Although the day is intensely hot, the mercury running up to a hundred, the people are pouring into the city, from every avenue, by hundreds and thousands, from the country. The city is litterally decked out with flags of the most unique description bearing the names of Grant and Wilson. Hundreds of residences are adorned with flags while every store, with rare exceptions on Hammond and State streets, show their colors. Notable among the buildings decorated are Wheelwright & Clark's block, Jones' block, the former being almost entirely covered with splendid decorations.

* * * *

In the evening the finest and probably the largest torch light procession paraded the streets, ever seen in Bangor. Nearly 2000 men bearing torches paraded the streets during the entire evening. At the same time a monster meeting was held in Centre Park, which was addressed by Judge Bingham, Gen. John L. Swift and John a Peters, until nearly midnight, when the meeting adjourned with vociferous cheering. Many residences and stores were brilliantly illuminated.

A salute of 100 guns was fired for the North Carolina victory. Old residents say the gathering was the largest of a political character ever held in Bangor. As to enthusiasm, it could not have been greater. The Bangor Republicans are highly elated at the success of the affair.

In the torch light procession the Portland Continentals received most favorable comments for their uniforms.

The East is wide awake and will roll up an immense majority in September. The Greeley coalition, so jubilant and positive last week, read in this demonstration the prophecy of the disastrous defeats of 1860, 1864 and 1868.

GEN. CHAMBERLAIN.

The following is published as General Chamberlain's reply to Kilpatrick, with reference to the call of the Veterans' National Committee for a Convention at Pittsburgh, Pa., Sept. 17, to endorse the nomination of General Grant:

BRUNSWICK, Me., July 25, 1872.

Dear General:—I have yours of to-day inquiring as to my signature upon the call of a convention of soldiers and sailors of the late war to be held in Pittsburg with a view to affect the political canvass now pending. You are quite right in assuming that I did not authorize the use of my name. Besides disapproving in general of such action by returned soldiers and sailors, as such, there are some statements in the call referred to from which I should dissent. [The General here makes allusion to the following sentence which appears in the call: "We have full faith in him as a peaceful man because had he felt disposed to exercise his power as a personal governor, he would have done it while nearly a million of men were in arms and under his command, instead of aiding, as he did, the rapid reduction of the army to a peace footing."] I think particularly unfortunate, for instance, the suggestion that any man who ever lived could have led the armies of the Union to lift their hands against the liberties of the country they had so dearly defended. It is not necessary for me to say more, as I have already corrected the erroneous assumption under which my name was appended to the call. Your letter, however, proceeds to other grounds and involves issues in which I do not propose to take part. While I heartily desire to see reform in politics I see nothing in the situation to incline me to take any public position, and there are many reasons why I should not. You will not be surprised, therefore, that I confine my answer to the direct point of your inquiry, and reserve the discussion of political issues until I see it to be a matter of service or duty towards the people who have honored me with their confidence. I am, General, your friend and servant,

JOSHUA L. CHAMBERLAIN.

Major-General J. Kilpatrick.

We are sure that many of the General's friends will regret that he has been induced to write the above letter, and especially that he should select such a person as Kilpatrick as a medium for addressing the public. The sentence in the Pittsburg call is a most innocent reference to the unassuming character and conduct of Gen. Grant while at the head of a great army, and certainly General Chamberlain has too much respect for the gallant officers who penned it, to seriously impute any such degrading and seditious meaning to it as that assumed in his letter. Of course individuals may differ as to the expediency of such assemblages of veterans, but it is only fair to suppose that the hundreds of brave men, including many of his comrades in this State, who have responded to the call, regard their action as a patriotic duty, and, while it is remembered that Kilpatrick recently endeavored without success to organize a similar Convention of soldiers hostile to the President, some persons have not forgotten that General Chamberlain himself expressed the heartiest sympathy with the most important political gathering of soldiers and sailors ever held in this country, which assembled at the same city of Pittsburg some six years ago, to rebuke the treachery of Andrew Johnson, and "to affect the political canvass then pending."

BANGOR KU-KLUX.

BANGOR, Aug. 10th, 1872.

To the Editor of the Whig and Courier:

The following paragraph in the Democratic daily has caught my attention:—

"The Commercial, in all its reports of the meetings, processions and demonstrations held by its political opponents, has aimed to be fair and represent things about as they were."—[Commercial, Aug. 10th.

We are led to conclude that our neighbor looks upon the hurling of brick-bats and stones upon a defenceless crowd as a natural and fitting accompaniment to what he mildly terms the singing of the Chappaqua Farmer by Greeley boys, and the disturbing of a public meeting for three consecutive hours by the riotous demonstrations of Ku-Klux imitators, incited by cowardly leaders whom we leave where they are always to be found in times of danger, in the background, as a matter too trivial to merit notice. We would suggest that before the editor of the Commercial makes another attempt to give a *fair* and *impartial* account of *anything*, he consult his encyclopedia in regard to the habits and customs of civilized life. We fear that those gentlemen of the Liberal Republican stripe of this hybrid party, some of whom have held high office in our city and whose duty it would have been to quell such outbreaks, have not met with that success in "converting the *Democracy*" which their efforts merit.

If the present campaign is to be conducted on principles of equity and decency, let us know it. Either *both* parties or *neither* must hold meetings undisturbed. Which shall it be?

AN OBSERVER.

"As to the administration of Gen. Grant, I recognize no one as a Republican who is not grateful for its judicious, energetic and successful efforts."—HORACE GREELEY.

Professional Success.

DR. H. A. BARROW'S practice in Bangor has been extremely successful. He has restored several patients to sound and vigorous health, whose cases were considered incurable. He continues to be confidently consulted as usual, at his private office, 18 Main Street, Bangor, Maine, in all those cases of diseases for the treatment of which he is so justly celebrated. Hundreds are suffering from the effects of early indiscretion because they have not consulted the educated Physician who has made these diseases a specialty, and therefore endowed with every qualification for success, restoring the patients to health and strength.

Dr. Barrow's treatment during an attentive practice of many years is eminently successful in curing Nervous, Mental and Physical Debility, Languor, Depression of Spirits, Painful Dreams, Loss of Appetite, Memory, &c. His great experience, the high honors and testimonials he has received for his superior treatment of those diseases requiring skillful and confidential advice, enables him to ensure a safe and speedy cure.

The Doctor particularly invites those patients whose cases have been neglected or pronounced incurable, to place themselves without delay under his care, assuring them that all that can be accomplished by science, skill, and the successful results of a long practice will be at their service.

He distinctly states that no case will be undertaken unless a permanent cure can be guaranteed. All letters containing the usual consultation fee, $5, and fully describing the case, will be immediately attended to.

Hours of consultation from 10 in the morning till 2 P. M., and from 5 till 8 in the evening at his private office,

Collision in New York Harbor!

A BARK SUNK BY STEAMER BRISTOL!

THE STEAMER DISABLED AND BEACHED!

The Passengers Safely Landed!

THE COLLISION.

FALL RIVER, Mo., Aug. 10. The Steamer Bristol from New York for Fall River, while entering Newport Harbor about 4 o'clock this morning, ran into the English bark Bessie Rogers, of about 700 tons, iron laden, and lying at anchor just outside the Breakwater. There was a dense fog prevailing and the steamer was going very slowly at the time. As soon as the bark was discovered the steamer was backed hard, but such was her momentum that she struck the bark amidships, cutting into her about six feet.

THE BARK SUNK.

The steamer hung to the bark for about fifteen minutes and until the crew of the latter were got on board and then backed out opening the gap in the side of the bark and letting her sink instantly. The shock to the steamer was quite slight. She had about 600 passengers on board, none of whom appeared to feel any serious alarm, except some ladies who fainted away.

THE STEAMER

immediately proceeded to land her passengers and freight at Newport and after doing so continued on her course to Fall River. She was not leaking much of any when she left Newport, but after proceeding six or seven miles it was discovered that the water was gaining on her. Capt. Simmons at once

DECIDED TO BEACH HER

at the first favorable point and did so on Coal Mine Flats, Portsmouth, between six or seven o'clock. He then commenced to land his passengers with all the facilities at his command, and by half past seven had succeeded in landing between 70 and 80 of them in time to take the train from New York for Fall River and Boston, which stopped at this point.

SENT TO THE RELIEF.

On receipt of the news of the disaster in this city about 8 o'clock, the steamer Canonicus was despatched to the assistance of the Bristol and will bring up the remainder of the passengers and baggage.

THE DAMAGE

to the Bristol, other than from water, is not supposed to be very serious and she will probably be got off in a few days. The above particulars we glean from Capt. R. P. Reynard of this city, a passenger who was in the wheel-house at the time. He considers that the

ACCIDENT WAS UNAVOIDABLE,

and states that Capt. Simmons did everything that was possible to avoid the collision, to prevent alarm and confusion and save the lives and property committed to his trust.

REPUBLICAN RALLY IN GUILFORD. Our correspondent, whose favor dated the 8th, seems to have been delayed several days on the road, writes that on Wednesday evening a large and enthusiastic meeting of the Republicans of Guilford and vicinity was held in the Union church. A delegation of one hundred of the Dover and Foxcroft Grant and Wilson Club was in attendance, and with them a Glee Club which furnished some excellent music during the evening. Chandler Robbins, Esq., presided over the meeting, which was eloquently addressed by Gen. J. L. Swift of Massachusetts, and J. E. Rowell, Esq., of Dover. Both speakers were loudly applauded, and the meeting closed at half past 10 o'clock with cheers for Grant and Wilson and the singing of "America."

FLAG RAISING AT PITTSFIELD. *Mr. Editor*:—The Republicans of Pittsfield raised on Thursday evening an elegant Grant and Wilson campaign flag, and held a meeting which was addressed by Hon. Dr. W. G. Howe, President.

A. B. Cornforth, Corresponding Secretary.

Pittsfield is sure to give a good majority for Grant and Wilson. P. M.

FATAL ACCIDENT. We learn that on Tuesday of last week three young men, Albert Noyes, George Farnham and William Giles, all residing in Atkinson, went on the shores of a pond to see if they could shoot some ducks. The last named—young Giles, who was about 20 years of age—saw one, and taking his gun, which was very heavily loaded fired at it, when the piece exploded, burning and mutilating his face out of all semblance to humanity, and badly injuring his hands.—The breech-pin of the gun struck him in the nose and tore his nose and left eye out, together with portions of his skull, and the tube buried itself in the right eye. Notwithstanding these terrible injuries, young Giles lived until Thursday, most of the time in an insensible condition. His funeral took place on Friday.

THAT COMET. Has anybody seen that comet which it was announced would come in collision with the earth to-day. It will be remembered that in the early spring great excitement was caused by the announcement that the famous M. Plantamour had discovered a new comet exceeding in size any hitherto known of, and that it would strike the earth on the 12th of August. Hundreds of journals on both sides of the Atlantic discussed the probabilities of the collision, and much interest was felt in scientific circles in the problem; but M. Plantamour quietly put the matter at rest by the declaration that he has never even discovered a comet, much less predicted the near approach of the time when the earth and all that dwell therein shall be burned up or dissolved, into vapor. When it is known that, according to the best authorities, about 17,500,000 of these erratic bodies are traversing the solar system, that some of them have been entangled among Jupiter's moon's without making them deviate a hair's breadth from their course, and that there is a shrewd suspicion among astronomers that the earth absolutely passed through one in 1871, and no one was made wiser by the collision, and that the scientific world would welcome the near approach of a large one as a most desirable subject for astronomical dissection, it will be safe to throw fear to the winds as regards the advent of any future "coming comets."

DARING BURGLAR CAPTURED. Saturday morning about 4 o'clock Mr. W. D. McLaughlin, senior proprietor of the Franklin House in this city, awoke suddenly and saw a man going out of his room. Glancing to where his and his wife's gold watches were hung up the previous evening, he saw that they were both gone, and springing from his bed he gave chase to the fellow, whom he saw retreating along the hall. Several persons were up at the time, and startled by Mr. McLaughlin's shouts they hurried to the spot just in time to see him overtake the burglar. Assistance was quickly at hand and the rogue was caught and held until officer Sweetser came in and took him into custody. The missing watches and $11.50 in money taken from Mr. Laughlin's wallet were found on his person, and on searching him at the lock-up to which he has taken, the officer found two silver watches and about $71 more in money, $45 of which was pinned into the hem at the bottom of one of his pants legs. He was taken to jail Saturday, to await the sitting of the Grand Jury, which is so near at hand as to render a preliminary investigation before the Police Court unnecessary. The fellow gave his name as John McCann, and claims to be a resident of Woodstock, N. B. He came to this city on Wednesday and stopped that night at the Harriman House, but it is not known if he stole anything there. On Thursday night he stopped at the Penobscot Exchange, and did quite a business in plundering. With pliers or some similar instrument he turned the key in the lock of the room occupied by Mr. C. R. Trask, of Orrington, and going in stole his silver watch (found in McCann's possession Saturday) and $52 in money. In the room of James Moran, McCann stole $5.50 in silver from a wallet, afterwards replacing the wallet in the pocket in which he found it. From James Conroy, he stole a silver watch and $12 in money.—The theft was discovered Friday morning, but the matter was kept secret in order to catch the thief if possible. His operations at the Franklin House led to his detection, as above stated, and he will probably renew his acquaintance with the retired colony at Thomaston, of which, we are informed by officer Sweetser, he was once a member.

BANGOR POLICE COURT.

BEFORE RECORDER LYON.

Saturday, Aug. 10. Timothy Collins, Margaret Collins, Hannah Collins, Elizabeth Collins, William Sullivan and Mary Ann Sullivan were arraigned for trespass in entering the garden of Patrick Wall, breaking his apple trees and carrying away his apples. Each was fined $1 and one-sixth the costs.

State vs. Levi Monroe; drunkenness and disturbance; fined $83 and costs.

State vs. Frank Monroe; same offence and fine.

THE GARDINER RALLY. Our friends in Kennebec county held their second grand Republican rally at Gardiner on Friday night and it proved a great success in every particular. A special train bearing 300 tanners from Augusta, with a band, and a large delegation from Hallowell, arrived at 7.30, and the delegations were received by the Gardiner Band and a company of tanners, forming a procession and marching through the principal streets to Johnson Hall, which was filled to its utmost capacity. The meeting was called to order by Major Johnson T. Richards, who presented the name of L. A. Stanwood for President. Mr. Stanwood introduced Gov. E. F. Noyes of Ohio, as a native of New England, (Massachusetts) formerly Colonel of the 39th Ohio Regiment, and lost a leg in the service of his country, and was received with rounds of applause and delivered a most eloquent and stirring address.—Gov. Noyes was followed by Hon. Lot M. Morrill who held the audience till a late hour. The watch-fires are burning brightly along the Kennebec as well as up and down the Penobscot.

The Hartford Courant says: "Speaker Blaine in about one-quarter of the space occupied by Senator Sumner in his letter to the colored men, has fully answered the Senator, and shown how he would mislead the colored men of the country by representing that their rights would be safer with the Democrats than the Republicans. The arguments of Mr. Blaine are clear and concise, and the facts he has presented are convincing."

A CARD.

BANGOR, Aug. 10th, 1872.

To the Editor of the Whig & Courier.

Please allow me to correct, as far as possible, the injury the report of the Police Record of Saturday is calculated to do me.

There was a seizure of two small packages of liquors that came Saturday and Tuesday mornings, respectively, neither of which had been opened, but which were intended strictly for Pharmaceutical preparations. I had been without them for several days, and was put to great annoyance to get what I wanted in the city; therefore I ordered them, and then the seizure, and then the fine, scandal, &c. It is supreme folly to suppose a druggist can get along for a day without using more or less of the various kinds of liquors. Would that it were otherwise.

This case goes up on appeal for trial.

Most truly yours,
B. F. BRADBURY.

GRANT AND THE COLORED RACE.

WHAT FRED. DOUGLASS SAYS.

The National Era contains a letter of circular address from Frederic Douglass vindicating the course of Gen. Grant toward the colored people. The fittest man in the country to reply to Mr. Sumner in this respect is Mr. Douglass. In this letter he does the work effectually, proving by the record of Gen. Grant and his words and orders during the war, that he was in the fullest sympathy with President Lincoln in this regard, and took every fitting opportunity to ameliorate the condition, promote the interests and protect the rights of the colored man. The testimony on all these points is very full. With regard to the appointment of colored men to office, Mr. Douglass says:

"An inquiry into the appointments of colored men to office under General Grant gives results more satisfactory than I anticipated. No records, so far as I learn, appear to be kept of the color of the appointees. I can only ascertain facts by my own personal knowledge and from the personal knowledge of others acquainted with the appointees.—It is impossible for me to fix the exact number, but I find them in all departments of the civil service. Two have been appointed foreign Ministers; several collectors of customs; some assessors of internal revenue, and so on down through all the various grades of the service, as route agents, postmasters, clerks, messengers, etc., according to the intelligence and character of the applicants. I should have been glad to have obtained the exact number of appointments of our color. In one department at Washington I found 249, and many more holding important positions in its service in different parts of the country. In other departments I ascertained corresponding gratifying facts as I pursued the inquiry, meeting some at every step, and left it satisfied, as I think any colored man would be, that there has been a hearty disposition to disregard all past prejudices and treat us in the matter of appointments according to our merits. The appointments to West Point as overcoming the army prejudices are well known, and too significant to be overlooked."

THE "NATION" ON GREELEY.

The New York Nation thus condenses what is likely to take place should Greeley become President:

"Greeley is not founding, and is not likely to found, a new party. He brings into the arena no new principle or idea. He defends no cause. He simply proclaims the personal superiority of Horace to Ulysses. The 'Greeley movement,' therefore, begins, and must end, with Greeley's election. His administration, if he is elected, will, and must, under the most favorable circumstances, be a period of complete political confusion. Greeley himself will be wholly occupied, not with public questions, but with the distribution of offices among the largest band of claimants by which any President has ever been assailed. He will have to satisfy the prominent Southerners, prominent Democrats, and prominent Liberal Republicans; or, in other words he will have more 'prominent supporters' to satisfy than any of his predecessors.—How he will succeed may be inferred from the fact that while he will have no more offices to bestow than any one who has gone before him, he has probably less tact, a worse temper, less firmness, and less skill in dealing with them. His last and most important appearance in official position—his service in the late Constitutional Convention—was not only a failure; it was a ludicrous failure."

CONNECTICUT.

Governor Jewell of Connecticut was interviewed at the Republican headquarters in New York Thursday, and spoke thus concerning the condition of general politics in his own State:

"I feel certain of carrying the State in Grant's favor. There are no indications of his losing the State. Everything is as yet somewhat unsettled and chaotic, but we feel confident that we shall more than make good any losses in our ranks by recruits from the Democrats. The leading Democrats go for Greeley. They, however, find it much more difficult to transfer the votes of the rank and file to one who has always been a Republican. I think the stay-away-from-the-polls party of the Democrats will be large; the majority, however, will follow their leaders. The truth is that Mr. Burr, Mr. Eaton and Mr. Hubbard take this Greeley dose with many wry faces, while the less able and less honest portion of the party pretend to like it. They have been out of office for twelve years, and as it looks warm and comfortable inside they will make any sacrifice to get a hold of the offices from which they have so long been debarred."

Gov. Jewell says he knows of no Republicans in Hartford of any following who are going for Greeley.

The following is the official statement of the vote for Governor in Connecticut at the election in April, 1872, arranged by counties:

	Marshall Jewell.	Richard D. Hubbard	Francis Gillette.	Other candidates.
Hartford,	9,820	9,399	367	166
New Haven,	10,544	10,991	331	149

LANG'S TRICK. The Waterville Mail says: "Many persons were induced to sign the anti-Blaine circular, under the impression that Judge Danforth—one of the purest men in our State, and one held in the highest esteem by everybody who knows him—was to be the liberal candidate for Congress. We thought his position must have been misrepresented, and we have since been informed that when approached on the subject, he replied, substantially, that in his opinion, a judge of our courts should not be a party candidate for any office; that he had no political aspirations; and lastly, that he should support Gen. Grant for the Presidency."

Greeleyites have claimed Hon. George F. Talbot as a Greeley man. How much he inclines that way is shown in a letter to the Portland Advertiser, wherein he says: "Besides his most obnoxious political opinions, Mr. Greeley's personal qualities utterly unfit him for the Presidency. He lacks steadfastness and fidelity. * * * Mr. Greeley is so easily imposed upon that, with all the professions of his supporters, it seems to me the country will prefer to trust the inexperience and, if you please, 'nepotism' of Gen. Grant to fill the offices with reasonably competent and honest men, rather than the clique of cunning men who captured the Cincinnati Convention, and who can do anything with Mr. Greeley by flattering his vanity and ministering to his passion to be a great pacificator and compromiser."

Senator Sumner, in his Serenade speech at Washington, said one thing was needed to complete the work of emancipation—"The Civil Rights Bill"—and he had no doubt of the early passage of such a law. Believing in the necessity of such a law, Mr. Sumner has joined the party whose Senators voted against the law and opposes the Senators who voted for it. If such a law is enacted, it will be over the votes of Mr. Sumner's present friends, and by the votes of those for whom he now has no words but those of denunciation.

HOW NEW YORK STANDS. A correspondent of the Springfield Republican, (Greeley paper) writing over his own signature, says: "As I am writing to you from Central New York, you may be interested to read a word or two as to the attitude of Republicans hereabouts. I live in a strictly rural town, where the Republicans have for some years been in a large majority, and where the Tribune has been largely taken. I have taken some pains to ascertain the truth; and I have not yet found a man in this vicinity, who has been a pronounced Republican in years past, who now sympathizes with the Greeley-Brown party."

FRENCH AND AMERICAN CREDITS IN THE MONEY MARKETS OF THE WORLD. An interesting computation has just been made by the bureau of statistics of the Treasury department, designed to show the relative standing in the money markets of the world of the credit of the French and American governments, as indicated by the success of the recent French loan and the market value of our own securities. The full data desirable are wanting in respect to the French loan, but assuming it to run twenty years, the net interest realized to the investor, at 84.50, the price fixed, would be 6.3 per cent., while the interest upon the present gold value of United States five per cents for the same time is 5.18 per cent., and comparing the loans upon the basis of perpetuity the United States would still be able to borrow at 5.12 per cent., while the French must pay 5.92.—In other words, the borrowing power of the United States is to-day from 15 to 40 per cent. better than that of the French government.

SUMNER'S NEW FRIENDS. The Boston Post, which regarded Sumner's letter attacking Grant with so much gratification, once expressed its opinion of a letter by the same distinguished Senator in the following terms: "Charles Sumner's letter to the Burlingame Banquet Committee was 'so cool a specimen of arrogant insolence, of pompous conceit and dogmatic denunciations, as vanity and malignity could inspire. He rebukes the merchants of Boston as a class, reprimands the voters of District No. 5 for voting as they pleased, and intimates that his pardon for their contumacy is only to be won by humble repentance and more strict obedience to his wishes hereafter. A modest public servant, this Senator, certainly.'"

NOT FOR GREELEY. At a Convention recently held in Philadelphia, of the young editors, authors and printers connected with amateur journals, published in the Eastern and Middle States, it was proposed to make President Grant an honorary member of the Eastern Amateur Press Association, which they represented, and he was accepted as such without a dissenting vote; but on the nomination of Horace Greeley, the name was received with such an overwhelming storm of "noes" that the most ardent Greeleyite, had he been present, could not have failed to see that, however the young men might feel toward the Philosopher as a fellow craftsman, his political aspirations and affiliations were to much for even *their* good nature. He was not elected.

THE BUFFALO RACES. The races at Buffalo, N. Y., Friday, were very exciting. In the first race, one horse burst a blood vessel, another dropped dead from heart disease and Judge Fullerton won over four others in 2:25, 2:24¼ and 2:26. In the great race of the day, which was witnessed by 15,000 people, Lucy, American Girl, Goldsmith Maid and Henry were entered. The first and two last heats were won by Goldsmith Maid and the race were won by Lucy in 2:18½, 2:19¼ and 2:22, American Girl making the remarkable time of 2:17¼.

THE REBEL ARCHIVES—MORE REVELATIONS. The rebel archives now in possession of the Government are revealing the true record of several prominent Northern Democrats, such as Buckalew, Hendricks and Pendleton, during the late civil war. Documents have been found which show that there was collusion between these men and the Confederate Government to incite open resistance to the draft laws and to embarrass the United States Government as much as possible in raising troops to suppress the rebellion. Several letters among them speak of ex-Senator Buckalew as the leader in the movement, and as doing all he could to aid the Confederate cause by secretly advising Democrats in various parts of Pennsylvania to oppose the draft by forcible means. A memorandum among the papers refers to certain letters written by Buckalew, Hendricks and others to the Confederate authorities, and an effort is now making to find these original letters.

TWO MORE GREELEYITES. The Tribune glories in two new supporters for Greeley—Jeremiah S. Black, Buchanan's Attorney-General, who, like Greeley, thought it unconstitutional to resist secession, and Fowler, Andrew Johnson's son-in-law.

What manner of men these two supporters of Greeley are the Tribune has told us in past years, when its editor was not running for office. Of Jeremiah S. Black it said, on Feb. 20th, 1861:—

"Nor ought we here to overlook the terrible light just thrown, by the decision of the California Circuit Judges in the famous case of the New Almaden mines, upon Mr. Black's own connection with that business. As Attorney-General of the United States Mr. Black, it now appears, had wantonly or maliciously devoted himself and employed all the moral and diplomatic power of the Government for years to deprive certain private persons of their just rights in a great mining property, and to blacken their characters in charges of forgery and fraud, now solemnly thrown back upon the Government itself by its own Circuit Judges. The details of the Attorney-General's proceedings in this case would be incredible, were they not set forth in documents attested by himself, with an audacity or an insensibility to shame almost beyond parallel. To submit the name of an officer whose ministerial record bears such brands upon its face to the American Senate for confirmation as a member of our highest judicial tribunal, is surely a flight of insolence so extraordinary as to partake of some of the most captivating traits of the imagination."

Of Senator Fowler it said, on Oct. 27th, 1868:—

"Mr. Senator Fowler is following up his vote on impeachment by devoting his time to the Executive Mansion in Washington, meddling in all those nasty internal revenue affairs. Perhaps Mr. Fowler would like to be informed that in the election now pending Tennessee is a State which will bear some good work, and that the duty of Republicans is to assist in securing the success of Grant."

ONLY INSULT FOR LOYAL SOLDIERS. The Hartford Courant says: "A meeting of the former inmates of Andersonville, Libby, Salisbury, and other prison pens, having been called at Pittsburg in conjunction with the Soldiers' and Sailors' Convention, the 'Liberal' organs have already begun deriding the movement. The Chicago Tribune, the leading Greeley paper of the West, a few days since pronounced the members of the Grand Army of the Republic 'superfluous veterans,' having no right to express any opinions on political matters. This insult, aimed at the great mass of Union soldiers, might have been sufficient to satisfy the ambition of the most violent of 'hand-clasping' organs. But now that the call for the prisoners' meeting is made, the Tribune again opens its batteries of abuse, and says of this action of the survivors of the horrors and cruelties of the rebel prisons it 'can be compared to nothing but the unseemly practice of a certain class of beggars who offer to show you a running sore in order to obtain alms.'"

"The people of the United States know Gen. Grant—have known all about him since Donelson and Vicksburg; they do not know the Philosophers, and do not care to know him."—HORACE GREELEY.

EXHAUSTION and degeneration follow the excessive use of the Senses without due intervals of rest for repair. In order to maintain the wonted energy, the force expended whether of body or mind, must be restored. When the expenditure of brain matter and other nervous elements is continued by overwork, the early extinction of life itself may be looked for as the result of such degeneration. The ingredients composing Fellows' Compound Syrup of Hypophosphites, are such as constitute healthy blood, establish sound nerves and senses, and will consequently not only prevent this exhaustion, but in most cases restore such as is lost.

WEBSTER
Pure Warm Air
FURNACE.

This new Furnace, having been THOROUGHLY TESTED, for the last two years, in New York, Massachusetts, Connecticut, New Hampshire and Vermont, and in this city the past winter, with the most flattering results, is now offered to the public of Bangor and vicinity with increased confidence in its merits.

THE ADVANTAGES OF THIS FURNACE

consist in its great radiating surface, whereby a large quantity of air is heated to a moderate degree of temperature and delivered into the rooms with its vitality unimpaired.

Its Quickness of Operation.

A current of warm air issues almost immediately on starting or replenishing the fire, while in most other furnaces no warm air is obtained from them until the thick iron plates or brick walls enclosing them are heated through. In order to heat a house of eight or ten rooms most furnaces consume from four to twelve tons of coal, while the Webster Furnace to do the same work, needs only from four and a half to six and a half tons.

THEIR CONSTRUCTION

is such that the air is kept pure and not burned and by means of a new patent double case, all the heated air is saved to the rooms, not allowed, as in many other furnaces, to be wasted in the cellar or allowed to pass out in the smoke pipe.

Those in want of a first class furnace are respectfully invited to call and examine the WEBSTER, and hear what reliable men of this city say who have used them.

BY [illegible]

From the sky slopes of Donelson,
From Vicksburg's fiery height
From the hard-fought hell of Shiloh
From the grand old Wilderness fight —

From the hill sides and the valleys,
Where our sainted heroes fell
From the spirits of our martyrs,
And from each dead soldier's knell

Come the memories of these triumphs
That uphold our General's hand
And embalm his name forever
In the annals of our land

God be thanked for that grand manhood
That sustained him then, and still
Keeps him firm amid the issues

CHICAGO, D[illegible] & [illegible]

1st MORTGAGE BONDS.

Issue Only $18,500 per Mile.

THE ROAD NOW EARNING NET, NEARLY DOUBLE ITS ENTIRE INTEREST OBLIGATIONS.

THE LEADING POINTS IN RELATION TO THESE BONDS ARE AS FOLLOWS

The Stockholders have built a first class road and equipped it in a first class manner *mainly with their own money*

They have built their road through one of the richest portions of the State, where all the old roads into Chicago are earning over $10 000 per mile per annum and are paying large and regular dividends

They have built the shortest road to the celebrated Block Coal Mines whose products have large and increasing market in Chicago, in the manufacture of iron, as well as for domestic uses

The road is already earning so large an excess of its interest liability that its Bonds are safe beyond contingency

The amount of the mortgage is very moderate, being only about $18,500 per mile

While Railroad Bonds may be plenty, those upon profitable lines, and for so small an amount are seldom in the market

Over $1,?00,000 of these Bonds have been sold in a few weeks to Trust Companies, Savings Banks, trustees of estates and the most careful private investors, and but a small amount remains, for which early application should be made

That as only a small amount remains unsold, parties who want them should make immediate application

The Bonds are for $1,000 each, have forty years to run, and bear interest at the rate of 7 per cent per annum, payable on the first of April and October, both principal and interest being payable in gold in New York

Price 90 and Accrued Interest.

We do not hesitate to recommend these Bonds as unusually safe They are attended with none of the uncertainties of projected enterprises, and the prompt payment of the interest and the final payment of the principal, are as certain as any future financial event can well be

To the City Council.

The directors of the E & N A Railway Company respectfully represent that the short space between the shore, and first pier at west end of their railroad bridge across the Kenduskeag stream is not, and they think, cannot ever be of any value for the public use, and that it can be of no detriment to the public, but on the contrary would add greatly to their safety and protection to have said space filled up It would also relieve the railway company from large yearly repairs of that part of their bridge, and the City from like yearly repairs to maintain the side walks across said span

They therefore ask for liberty to wharf up said space, leaving an outlet in the centre of the same ten feet wide for the ebb and flow of the tide which would keep the channel in said space washed clear of any sediment deposit

For the directors,
